

**19th ANNUAL
ELLET & SHIRLEY SEAVEY MEMORIAL DRIVE/RIDE**

**SUNDAY, October 1, 2017
60 Depot Rd. Auburn, NH**

10:00 AM TRAIL BRIEFING

View of Tower Hill Pond

The outing will take place on the Manchester Water Works property, so please try to arrive in time for the briefing. You may go out anytime after briefing. MWW has installed a gate that will make it much easier for the folks with large trailers to get into the field. The many loops and trails we all remember are open and there is a beautiful 6 mile loop around Tower Hill Pond. You may encounter bikes, and hikers with dogs; all dogs are required to be on leashes.

Please be courteous and do not leave any manure or hay in the parking area.

**There are NO restrooms or water at the field
so please plan accordingly.**

Bring a lunch or snacks and let's have a picnic together after the drive!

DIRECTIONS:

NH Route 101 (between Manchester & the Seacoast), Exit 2
Turn right at the end of the ramp if coming from Manchester Area or I-93,
Turn left at the end of the ramp if coming from the Seacoast Area or Maine
Follow Hooksett Rd. south, Depot Road is the 2nd road on the left about a mile from NH 101.
Turn onto Depot Road and the field is about 1000 feet ahead on right.
Follow the GSCA signs.

Using a GPS? Try **60 Depot Road**, Auburn, NH and look for the gate into the field
